

## Nasal-Aire® II CPAP Interface

### Something New is in the Aire...

The Nasal-Aire II is the **next generation of the ever-popular Nasal-Aire** interface and shares many of its **comfort and compliance benefits**, adding improved performance and a reduction in sound level.

This **lightweight interface is comfortable for patients, simple to use and easy to care for**. Nasal-Aire II is **sold with all six sizes for easy fitting** and includes headgear for stability.

Nasal-Aire II  
CPAP Interface  
(K2A)

### Performance Features

- Ergonomically designed to fit any face with virtually no leaks
- Virtually eliminates uncomfortable pressure points on the face allowing the interface to be worn for any duration without discomfort
- Secure fit design **allows the user to sleep in any position**
- Minimal design **reduces feelings of claustrophobia**
- New ultra-soft nasal prong material for improved patient comfort

## Design Features

- 100% latex free
- Medium or large size fits 90% of patients
- Can be worn over the ears or down the chest
- Small and quiet with virtually no noise
- No nasal bridge or forehead contact **eliminates nasal bridge sores and air leaks near eyes**
- Swivel tubing coupler to accommodate free movement and optimal performance during the night
- Supplemental oxygen ports
